### THE INFLUENCE OF ROYALTY

Is Waning and the Great Show on in  
London This Week Is Being  
Presented With So Much Pomp to Re-  
kindle Enthusiasm.

By Charles F. Stewart, London Cor-  
respondent of the United Press.  
LONDON, June 19.—England is to-  
day on the eve of the most spectacular  
event in her history, the coronation of  
Thursday of King George V. and  
Queen Mary. Not that the crowning  
of this royal pair is of any greater im-  
portance than similar events in the  
past, but that the King and queen, both  
with a love for ceremonial, and Eng-  
land and the world at large apparently  
clamorous for such a pageant, have  
combined to make the function the  
most sumptuous of its kind.

Arrangements are today completed.  
After months of planning and execu-  
tion, those in charge of the affair re-  
alize, although with nervous apprehen-  
sion, that all has been done that can  
be done. So much ado has been made  
over the coronation that it is only  
natural that the expectancy of the  
people should not be unkindly with  
misgivings.

Primarily, the coronation day  
pageant is intended to impress the King's  
subjects with the greatness of the in-  
stitution of royalty, and to create that  
enthusiasm for it, which in spite of  
all the royalist efforts, is so inevi-  
tably dying out. With the decline,  
however, of its political influence, it  
is certain that never in the history of  
such displays has any been turned so  
effectively to commercial account as  
the present one. From all the world  
tourists and money have been pour-  
ing into London. For weeks to come  
the tourists will remain, and the sum  
which London merchants and land-  
lords will gather in from them is in-  
calculable.

In their greed, the traders, have in-  
fact, in some cases overreached them-  
selves. The throngs of visitors in the  
city is, to be sure, enormous, but there  
is little doubt that it would have been  
far greater had not so many people  
been frightened into retreating away  
by advance news of the remorseless  
ness with which they would be bled  
if they came.

The commercialization of the cor-  
onation ceremony has had still another  
effect. Never a beautiful, though a  
picturesque city, London has been  
rendered positively hideous by the  
enormous war board grandstands  
which fill its streets and public places  
and hide its finest buildings. The  
whole front of Westminster Abbey,  
for example, is today concealed be-  
hind one of these frightful piles of  
boardings. A terrific outcry was raised  
among Londoners themselves  
against the folly of endangering the  
historic structure in this manner, for  
in the event of fire, nothing could save  
it from destruction. To all such com-  
plaints, however, the Dean and Chap-  
lain, mindful of the fortune they will  
reap from the sale of the seats, re-  
plied that an efficient guard is being  
maintained and that, in any event, the  
abbey is insured for \$25,000.

The handsome expense of Parlia-  
ment Square and even the beautiful  
gardens surrounding the Victoria  
memorial in front of Buckingham Pa-  
lace have likewise disappeared be-  
hind the monstrous creations of the  
builders and carpenters.

Humble citizens who wish to avoid  
waiting for hours in the coronation  
day crowds will be permitted to oc-  
cupy seats at the top of these monu-  
mental structures—not too near the  
processional route—at the rate of \$15  
each. This positively is the best that  
it is possible to do on coronation day,  
though for the succeeding days pa-  
seant, seats can be obtained for as  
low as \$5 a piece. For the better  
seats, coronation prices range from  
\$25 indefinitely upwards. The record  
is probably \$7,375 for a household of  
windows in Piccadilly for coronation  
day alone. In St. James street—club-  
land—there have been few places to  
let because club members are monopol-  
izing them all.

Street decorations are everywhere,  
even in small, mean thoroughfares  
miles from the routes of any of the  
processions. Electric globes, colored  
lanterns and enormous designs of  
crowns or of the royal monograms, are  
profusely displayed. In addition to  
the common run of illuminations,  
searchlights are to be used, probably  
very effectively, on the nights of June  
22 and 23. The art of electrical dis-  
play, it may be remarked, however, is  
decades behind the United States in  
every country in Europe.

Concerning the safety of visiting  
royalties the authorities are doing a

## Absolute Life Trial at Chicago

United Press Telegram.  
CHICAGO, June 19.—A bitter at-  
tack upon Stephen H. Bridges, 17  
years of age, for whose juvenile in-  
fluences Evelyn Arthur See is on  
trial for contributing, featured the  
opening address today of Attorney  
Robert E. Cantwell, See's attorney,  
when the trial was opened today be-  
fore Judge Honors.

The court room was jammed, a  
large proportion of the audience being  
handsomely gowned women and young  
girls, many of whom are said to have  
been disciples of the Junior Common-  
wealth.

Mildred Bridges, the pretty child  
who has clung so blindly to the "re-  
venger" sent apart from her father, now  
would gaze at him, although he has  
offered to make her independent, ly-  
rich if she would turn against her  
teacher and tell of the practices that  
went on within the portals of the  
temple.

Immediately after court assembled,  
Robert E. Cantwell made the opening  
address for See, charging that the trial  
would develop that this was one of  
the greatest conspiracies between  
sensational newspapers and the police  
department on record.

"We will show," he declared, "that  
the teachings of the absolute life are  
pure and not immoral. We will also  
show that Bridges wrote a letter to  
his daughter in which he said he  
would spend his entire fortune to ruin  
See. He also said that if the Illinois  
courts did not send See where he  
could not ruin any more homes, he  
would take the responsibility and con-  
sequences upon himself."

## Indicted Packers Must Stand Trial

United Press Telegram.  
CHICAGO, June 19.—Federal Judge  
Carpenter today denied the motion of  
the ten indicted packers for a rehear-  
ing on the demurrers of the federal  
indictment charging them with crim-  
inal conspiracy in restraint of trade.  
There is no appeal from the order  
and the packers will have to go to  
trial. The decision of Judge Carpen-  
ter is an unexpected blow to the pack-  
ers who thought that the Supreme  
Court decision in the Standard Oil and  
Tobacco Trust cases would free them  
from criminal prosecution. Judge  
Carpenter gave no reason for over-  
ruling the demurrer, merely declar-  
ing in a six-word opinion that the mo-  
tion was denied.

## A. C. Herwick Buys Smallest Auto

A. C. Herwick of Perryopolis is the  
first man in this section to purchase  
one of the new model Hupmobiles, a  
touring car. The "Hup" is one of the  
smallest touring cars made but in ap-  
pearance it compares favorably with  
the higher priced cars.

Mr. Herwick drove out from Pitts-  
burgh in the car Friday with V. J.  
Clark of the Connellsville Garage. The  
trip was made in a little more than  
three hours. Mr. Herwick, a contrac-  
tor, is building several houses in this  
vicinity and expects to use the car in  
making the trips between this point  
and Perryopolis.

## Residents Want Edna St. Opened

Efforts are being made to have  
Edna street opened. Council some  
years ago took this matter up, along  
with opening Tenth and Eleventh  
streets, but the matter was dropped.  
Edna street residents, in the Third  
Ward, want viewers appointed and  
action by Council to open the thor-  
oughfare.

John Sullivan is taking an active  
part in the agitation to have the street  
opened. He consulted with Burgess  
Evans, Clerk Bixler and Borough So-  
licitor Renner this morning.

Home From Europe.  
In good health and spirits Rev. B. P.  
Kouma returned to Uniontown Sat-  
urday night from a three months' so-  
journ in Europe and the Holy Land.  
While abroad he visited Palestine, the  
British Isles and other places of inter-  
est. Rev. Kouma was accompanied by  
Rev. Coyne, of McKees Rocks, on the  
trip.

Off to Dubois.  
Postmaster A. E. Kurtz left this  
morning for Dubois where he will  
spend two days inspecting the work-  
ings of the postal savings bank lo-  
cated there.

Fair Weather.  
Fair tonight and Tuesday is the  
noon weather bulletin.

## Speeding Auto Hits Street Car

There was only one serious mishap  
as the result of Saturday's run of the  
Automobile Club of Fayette County  
and it happened a car not in the party  
which started on scheduled time. The  
Elmore car owned by Dr. C. H. David-  
son of New Salem at 1.10 P. M. ran  
into a southbound West Penn street  
car on the brick road 2 1/2 miles be-  
yond Mt. Pleasant. It was stated that  
the car was being driven at a good  
clip. The driver, being unfamiliar  
with the road, was not looking for a  
street car crossing.

The street car was being hauled by  
Motorman "Nanty" Froeman. The au-  
tomobile struck the trolley about mid-  
way, smashing the running board. The  
auto was badly damaged. It was hauled  
to the side of the road and left  
there. The street car crew was in  
no way to blame.

Mrs. Gallagher jumped from the car  
before the collision occurred. She  
was cut above the eye. Mr. Gallagher  
sustained a bruised leg. Both were  
taken to the Mt. Pleasant Memorial  
hospital but later in the evening were  
taken home in an automobile.

Dr. Davidson intended making the  
run with the club but was delayed.  
He was hurrying to reach Altoona in  
time to return with the party.

## Greer Caught; Back to Confluence

Constable D. H. Shaw of Confluence  
left here this morning for the moun-  
tain town having in custody Harvey  
Greer, wanted there for the burglary  
of M. Gallo's confectionery store on  
the evening of May 27. Greer was ar-  
rested following the theft, but broke  
away through the constable of a friend.  
He was later located in New-  
ark, O., and apprehended there. He  
arrived in Connellsville last evening  
and spent the night at the lockup.  
Mr. Shaw visited relatives here over  
night.

The constable and his prisoner went  
to Confluence on No. 48 this morning.  
Once there it is certain Mr. Shaw  
will take no further chances on letting  
the young man get away again. It  
was Shaw's faith in human nature  
that permitted Greer to escape after  
his apprehension at the time of the  
robbery. After this the constable will  
turn a deaf ear to all appeals for  
favor and clemency until Greer gets into  
the custody of other authorities.  
The Italian at Confluence was robbed  
of about \$150 in cash.

## Band Concert on Thursday Night

Leader John Gaster announced this  
morning that the Tenth Regiment  
band will give its second concert in  
the band stand on Thursday evening.  
There was no concert last week be-  
cause of repairs being made on the  
stand. The partition which boarded  
up the three rear sides of the octagon  
have been removed and a more suc-  
cessful concert is anticipated this  
week.

An interesting program of seven or  
eight numbers is in course of arrange-  
ment by Leader Gaster and even bet-  
ter results are expected than from the  
first one. The band boys are turning  
out strong on practice evenings as a  
result of the encouragement over the  
cordial reception accorded the initial  
concert of a week ago.

## No. 14's Engine Pulled Up Poles

A mishap Saturday afternoon along  
Water street might have ended seri-  
ously but for the fact there were no  
passengers along that street to be in-  
jured. The big engine on No. 14, as  
it was pulling out of the depot on the  
run over the mountains, fouled the  
wires supporting the nets which warn  
railroaders of the overhead bridge  
crossings.

The two poles, one on Water street  
and the other on the river bank, were  
pulled over and dragged almost to the  
Youghiogheny bridge, a distance of  
two hundred feet. The train was  
stopped until the cables could be dis-  
entangled from the big locomotive.

Mrs. Rist Brought Home.  
Mrs. Roy Rist of Dawson, who has  
been a patient at the Allegheny Gen-  
eral hospital, Pittsburgh, for some time  
past, has been removed to the home  
for her mother, Mrs. Julia Ogilvie at  
Scottdale. Mrs. Rist underwent two  
very serious operations by which she  
was greatly benefited.

Millard Held Hearings.  
Burgess Evans being out of town  
over Sunday, President James D. Jar-  
lard of Town Council dispensed ju-  
stice at the police court bearing yes-  
terday morning. A few common drunks  
faced him and were sentenced.

## HIGH WATER IN THE YOUGH RIVER.

Hard Rains in the Moun-  
tains Cause a June  
Freshet.

### THE RISE WAS VERY SUDDEN

Coming During Early Hours of Sunday  
Morning and Continuing up Until  
About Noon Sunday—Little or No  
Damage Done.

A hard rain in the mountains Sat-  
urday resulted in a four foot rise in the  
river over night. The river gauge  
registered seven feet at the bridge  
here, it having been an even three  
feet Saturday morning. The rain Sat-  
urday was steady and continued  
throughout the afternoon and evening.  
Reports from the mountains were to  
effect that it rained harder in that  
section than farther west.

The crest of the freshet was reach-  
ed yesterday afternoon. By this morn-  
ing the stream had fallen fully a foot.  
For sanitary reasons the flood did con-  
siderable good as it washed out the  
accumulated deposit of sewage and  
other filth. Conditions along the river  
bank prior to the recent rains were be-  
coming bad.

At Indian Creek yesterday pleasure  
parties returning from Killarney Park  
and other points up the valley were  
given an exhibition of daring on the  
part of a lone man who crossed the  
river in a dory. The stream was so  
high that the ferry cable, crossing the  
river at that point, dipped into the  
water at the center. Starting far  
above this point the man, standing  
erect in the boat and using a single  
pole to guide him, began his trip. He  
reached an eddy on the other side in  
safety, landing a few feet below the  
cable.

It was reported in town this morn-  
ing that once there is a number of tramps were  
located on Davidson island as a re-  
sult of the sudden rise in the river.  
The hoboes were spending the night  
on the island and awoke to find their  
patch to the mainland had been cut off  
by the high water. It is not expected  
they will be kept prisoners on the  
island for many hours as the river is  
now falling and should drop materially  
before nightfall.

## Showers Play Havoc in London

United Press Telegram.  
LONDON, England, June 19.—Two  
days of heavy showers have worked  
unfathomable havoc with London's de-  
corations for the coronation of King  
George and Queen Mary on Thursday.  
Bunting, flags and pennants, except  
those of the best grade, are today  
nothing but tatters and will have to  
be replaced unless they are to be an  
actual deduction from the magnificent  
procession.

The rains, however, have had no  
effect on the crowds which have been  
flocking to the city until even now  
the streets are almost impassable.  
Thirty-nine visiting overseas arrived  
today, and the welcoming crowds at  
the station were so vast that the po-  
lice had great difficulty in preserving  
order.

## District Meeting at Mt. Pleasant

A number of women from the First  
Presbyterian church will go to Mt.  
Pleasant Thursday to attend a district  
meeting of the Woman's Foreign and  
Home Missionary Society of the First  
Presbyterian church to be held in the  
Mt. Pleasant Presbyterian church. The  
delegation going from Connellsville  
will leave here on the 10 o'clock  
street car and are requested to take  
a lunch. The opening session will  
commence at 11:30 A. M.

Trespassers on School Lawn.  
Janitors McNamara and Patterson  
are complaining about trespassers on  
the newly made lawn around the  
High School and the Fourth Ward  
schools. The ground is still soft and  
after the recent rains several men  
walked directly across it. The ground  
is so badly trampled that new seed  
will have to be sown.

Schedule Not Changed.  
The Pittsburgh & Lake Erie's spring  
schedule saw no changes on the  
Youghiogheny division. It went into  
effect a week ago.

Commissioner Langley Here.  
County Commissioner John S.  
Langley was in town this morning on  
his way to inspect the Mount Creek  
bridge.

## Silver Wedding at White House

United Press Telegram.  
WASHINGTON, D. C., June 19.—  
"Out—look tomorrow" morning. If  
you want to know why, come around  
tonight, W. H. T."

This note might have been hung up  
on the door of the highest executive  
office in this country today, for "the  
old man," as the clerks call him be-  
hind his back, clipped 25 years off his  
age when the bright June sun shone  
through the White House windows  
this morning.

The President gave himself over to  
celebrating the silver anniversary of  
the day when he led Miss Helen  
Harrison to the altar. Business oc-  
cupied none of his time today. The Clu-  
stons and Comstock Club arrived early  
on a special train and took the Pres-  
ident out to the Chevy Chase club  
house, where they entertained him at  
lunch.

The President and Mrs. Taft will  
receive their guests on a canopied  
platform erected in the garden. Miss  
Helen Taft will take her mother's  
place in the receiving line early in the  
evening, as it is feared the occasion  
will prove too great a strain on Mrs.  
Taft.

The White House grounds have been  
transformed into a fairy land of life  
and beauty, beyond anything ever  
seen in Washington. The trees will  
blaze with electric lights, and the  
magnificent fountain will play over  
thousands of var-colored bulbs. The  
feature of the illumination will be a  
great American flag, constructed of  
electric lights. The bands will pro-  
vide music for the concert and for  
the dancing.

## Making Money Out of Thin Air

Special to The Courier.  
WASHINGTON, June 19.—How \$10-  
000,000 was manufactured out of thin  
air and dividends of \$2,500,000 in clear  
cash were drawn out of the atmos-  
pheric product of Henry O. Havemeyer,  
the dead sugar magnate, was related  
before the Hurdwick Sugar  
Trust investigating committee of the  
House today. Henry H. Post, who  
conducted the sale for Havemeyer,  
was on the stand. In executive session  
the committee ordered Post to tell  
all he knew of the organization of the  
National Sugar Refining Company of  
New Jersey, the nucleus for the  
present Sugar Trust.

"I had secured an agent for the  
Henry O. Havemeyer, options for the  
purchase of the three concerns which  
were merged into the National com-  
pany," said Post. "They were the  
National of New York, the Mollen-  
hauer plant and the New York Sugar  
Refining Company. These companies  
were to be bought for preferred stock,  
pre paid. In the new concern. To make  
this purchase the National of New  
Jersey issued \$10,000,000 of preferred  
stock."

There was also an issue of \$10,000,  
000 of common stock, was there not?"  
asked Chairman Hurdwick. And Post  
admitted that the \$10,000,000 was  
issued without the slightest real value  
in property or business assets.

"Who got the common stock?"  
asked Hurdwick.

"The entire issue of \$10,000,000 was  
issued to me and I turned it over to  
Henry O. Havemeyer."

Post declared that while the stock  
had been practically transferred to  
Havemeyer, he (Post) always voted it.

## Communion at the M. E. Church

The third quarterly communion ser-  
vices were held at the Methodist Epis-  
copal church on Sunday. Services were  
held both in the morning and evening.  
Fifty persons united with the church.  
In the last six months there have been  
more than 100 persons received into  
membership in the Methodist Epis-  
copal church, a fact that testifies strong-  
ly to the splendid work that is being  
done under the pastorate of Dr. R. C.  
Wolf. The communion service yester-  
day was the largest in the history of  
the church.

Tomorrow morning Dr. Wolf will go  
to Washington, D. C., where he will at-  
tend the commencement exercises at  
Washington & Jefferson College. Dr.  
Wolf is a member of the class in  
which J. V. Thompson of Uniontown  
and his brother, William Thompson,  
graduated.

Greene County Picnic.  
For the first time in the history of  
Greene county a special picnic train  
will be run out of that county to Shady  
Grove park, June 27. The train will  
consist of 12 coaches and a baggage  
car and it is estimated that nearly  
1,000 persons of Greene county will  
be present at Shady Grove that day.

Minor Cuts Throat.  
A Polish miner at United committed  
suicide by cutting his throat, and  
shooting himself Saturday.

## Kistler Elected by Munhall Board

Professor Clark B. Kistler of the  
High School will probably not be  
"among those present" on the teach-  
ing staff next year. Mr. Kistler was  
on Saturday elected teacher of mathe-  
matics in the Munhall High School.  
Mr. Kistler is another Connellsville  
teacher to get a reputation here and  
land a better paying job elsewhere.

Secretary Bert J. Thomas of the  
School Board seemed well pleased  
with Kistler's election elsewhere.  
"Seems as though our teachers are  
in demand elsewhere even if we don't  
have good schools, as some people  
say," smiled Thomas at The Cour-  
ier's representative.

"Why don't you keep them when  
you get them?" was the response,  
which brought no answer.  
Under Superintendent W. S. Deffen-  
baugh the Connellsville schools made  
an enviable reputation and practi-  
cally every teacher leaving here for  
a better position was one of Mr. Deffen-  
baugh's "finds."

The list of first class instructors  
when the present regime on the  
School Board has permitted to go  
elsewhere because of salary includes  
Borough Superintendent W. S. Deffen-  
baugh, High School Principal F. G.  
Masters, Miss Ada Neal, Miss Alice  
Neal, C. B. Kistler, P. G. Cober, Ward  
Principal F. W. Jones, Miss Gertrude  
Myers, Prof. F. R. Koelsch and a few  
others.

## Kendalls Come in Biggest Car

Mr. and Mrs. J. L. Kendall of Pitts-  
burgh, accompanied by their two chil-  
dren, Miss Mary Willis and J. L. Ken-  
dall, Jr., arrived in Connellsville Sat-  
urday evening and registered at the  
Yough House. Mr. Kendall returned  
to Pittsburgh last evening but Mrs.  
Kendall and children expect to re-  
main in town about a week before  
proceeding to the Fennell, at Ohio-  
pyle, where they will enjoy the moun-  
tain breezes for several weeks.

Mr. Kendall brought the largest car  
to Connellsville that has been here  
yet. It is a powerful six-cylinder  
Oldsmobile. Chauffeur George Fogel  
was at the wheel.

## Donald Reid is Offered Position

J. Donald Reid, son of Col. and Mrs.  
J. M. Reid, is in receipt of a telegram  
from his uncle, Alex. Johnston, in  
Butte, Mont., offering him a position  
in the Clark Bank there during the  
summer. Mr. Johnston is cashier and  
a part owner of the bank.

Mr. Reid is a member of the gradu-  
ating class of 1911 and is Second  
Lieutenant in Company D. On ac-  
count of holding the office a permit  
from General Seward would be nec-  
essary for leave of absence. As yet  
Colonel Reid has not decided whether  
or not the position will be accepted by  
his son.

## Kettering's Band Drew Big Crowd.

Kettering's band at Shady Grove  
yesterday attracted a big crowd to  
that pleasure park. During the after-  
noon and evening it was estimated  
that between 1,800 and 2,000 people  
made the trip to the park and back  
from Connellsville, Uniontown and  
other points along the West Penn.  
The band gave two concerts. On  
the way over from Greensburg the  
musicians played tunes on the car  
which carried them, much to the en-  
joyment of the other passengers.

## Colonel Barnhart Host to Veterans

Thursday evening of this week Col.  
J. J. Barnhart will entertain the Wil-  
liam F. Kurtz Post No. 104, G. A. R.,  
and the members of the Ladies Circle  
No. 100 to the G. A. R., at his home  
at Sunny Side. Those who expect to  
go are requested to leave here on the  
7:45 P. M. street car.

Col. and Mrs. Barnhart are noted  
for their generous hospitality and it is  
likely that all persons invited will ac-  
cept their invitation.

Hostess at Bridge.  
Miss Elsie Humbert was hostess at  
a charming 11 o'clock bridge lunch-  
on Saturday at her home, "The Boud-  
oir," South Connellsville. The affair  
was held on the porch and was pre-  
tremely appointed in every detail. Four  
tables of bridge were in play and at  
the close of the games the dainty  
prizes were awarded to Miss Helen  
Norris and Mrs. L. T. Huff. The out-  
going guests were Mrs. W. C. Lloyd  
of Morgantown, and Mrs. L. T. Huff of  
Humbert.

Get Tin Mill Positions.  
Frank Moore, Ira Wade, Lou and  
George Gomas went to Martins Ferry,  
O., this morning where they have se-  
cured employment in the tin plate  
mill at that place.

To Hold Musical.  
The young people of the First Ba-  
ptist Church will hold a musical Fri-  
day evening, June 30, at the home of  
Misses Martha and Marie Gomas on  
Cedar avenue.

## SLIGO TO RESUME ON HALF TURN NOW.

This Week Will See Pudding,  
Muck and Guide Mills  
Working.

### THE RUN IS INDEFINITE

Report on Streets That Mill Would Be  
in Steady Operation For Six Months  
Lack Confirmation—Officials Have  
Hopes, However.

Sligo will resume operations this  
week when the pudding, muck and  
guide mills will be put on half turn  
for an indefinite run. It was stated  
this morning by officials of the com-  
pany that the mill will begin working  
up an incomplete order after which a  
new order for iron will be started.  
It was reported about town this  
morning that Sligo was assured a  
steady run for the next six months but  
those interested in the company de-  
clined to confirm this. It was stated,  
in fact, that the orders on hand do  
not indicate that the mill can be kept  
running that long although it is hoped  
to secure additional orders in the  
meantime that will obviate the neces-  
sity of another shut-down.

Plans were formulated Saturday to  
get the mill running tomorrow al-  
though it may be the middle of the  
week before all the departments are  
in operation. It was necessary to  
send for some of the employees who  
had left town and they are arriving to  
take their places in the crews of the  
three departments.

## Farmers Guests at T. H. Smith Home

The June meeting of the Union  
Farmers' Club of Fayette county held  
Saturday at the home of Mr. and Mrs.  
T. H. Smith near Dunbar, was well at-  
tended. The meeting convened at 11  
o'clock with J. Howard Dunn, the  
president in the chair. A short busi-  
ness session was held after which the  
members of the club and their guests  
assembled in the dining room where  
an elaborate dinner was served by  
Mrs. Smith. In the afternoon the topic  
for discussion, "Intensive and Exten-  
sive Farming," was taken up and dis-  
cussed at length. Mr. H. Smith read  
a paper on "Factors whose conditions  
are most profitable in Fayette county?"  
The subject of an interesting pa-  
per read by Josiah Freed.

The query, "What is the limit of  
the crop season?" was in charge of  
T. H. Smith. Mrs. C. S. Freed and  
Mrs. J. Howard Dunn also spoke on  
the subject. The next meeting will  
be held Saturday, July 15, at the home  
of Mr. and Mrs. C. S. Freed in Dun-  
bar township. The topic for discus-  
sion "Is cutting down expenses?" The  
annual outing will be held August 19.

**THE CORONATION**

**BIG MONEY MAKER.**

(Continued from First Page.)

lot of worrying. With more than 200 of them in London the secret agents are finding themselves fairly run to death.

The anarchist, socialist and revolutionary clubs in the city have been raked with a fine tooth comb and every foreign or home bred suspect has been rounded up and accounted for. The majority have simply been warned and left to roam about under the eyes of almost countless special detectives, but a few of the more dangerous have been quietly railroaded out of the country or locked up for coronation week. The coronation over, these latter will be released with apologies. The royalties in whose behalf the secret service is taking so deep an interest, have in the meantime driven the officials of the royal court nearly distracted by the enormous demands they have been making in the way of lodging and attendance, including both the visiting and special representatives who rank as the king's personal guests, there are upwards of 500 persons, each of whom must be provided, if court etiquette is to be strictly observed, with apartments, an officer of the royal household as an attendant, a royal carriage, a servant, and if he is particularly important with a sentry outside his door.

Naturally even King George's household and stables have been pretty severely taxed to meet the present occasion. Horses, carriages and servants have been brought into London from all the royal residences throughout England, and even at that extra ones have had to be hired. For the royal guests' benefit magnificent town houses have also been placed at His Majesty's disposal by a number of noblemen and important officials, including the Earl of Londonderry, Lord Inchiquin, Lord Howard de Walden and Lady Naylor-Leyland, daughter of William S. Chamberlain, of Cleveland, O. Alone among all the various countries, colonies, protectorates, spheres of influence and dependencies included in the British empire, Ireland will be unrepresented, official, at the coronation. There are, of course, Irish people, troops, police and individual visitors on hand in large numbers, but not a soul on behalf of the Irish people. The Nationalist members of Parliament have always refused to participate in any of England's important official shows. They were unrepresented at the Victoria Jubilee, the Diamond Jubilee and at the coronation and funeral of King Edward.

On the present occasion, it is agreed that inasmuch as Ireland seems to be on the verge of home rule, circumstances have changed considerably. It was also agreed, however, that inasmuch as the people of the Emerald Isle are still deprived of their constitutional rights, they would not even yet be justified in taking any part in the coronation ceremonies.

**THE MODERN WOODMEN**

Of America Will Put in a New Class.

Connellsville Camp No. 8, 679, Modern Woodmen of America, has issued a campaign for a class of 50 new members. This society has now a membership of one and a quarter million and fifteen thousand camps. The rates are so reasonable that any man, even of the most moderate means, can protect his family.

Local camp meetings on the second and fourth Thursday of each month in Malta hall, No. 199 South Pittsburgh street. Every member of the camp is urged to attend the meetings while the campaign is on.

Deputy George D. Lutz of Greenburg, Pa., is now in the field at work. Call on him at office of Dr. S. G. McCune, 1111 Main street and secure information and literature. Committee, J. J. Mitchell, W. J. Hicks, R. C. Deobower, Deputy George D. Lutz.

**WITH HOOPER & LONG.**

March Sloan Takes Position With Well Known Firm.

March Sloan, formerly with Wright-Motzler Company, has accepted a position with Hooper & Long, the shoe and hat makers, 1111 Main street, in connection with Norris & Hooper, business worked with that firm over two years. He is a good, practical shoemaker; his friends are glad to see him again in the busy shoe store which has had to increase its force to enable them to wait on their customers promptly and satisfactorily.

**TRUTH CROPS OUT.**

Why Pils Sufferers So Often Fall to Get Relief.

Science is getting to the bottom of everything, including the cause and cure of piles. The brightest doctors now admit that piles are caused internally and can be cured only by internal treatment. Dr. J. E. Leonard has some time ago perfected a remedy in tablet form—Ham-Toid, which cures the cause of piles, and therefore cures permanently. It is sold by A. A. Clarke under money back guarantee \$1 for 21 days' treatment. Dr. Leonard Co., Station D, Buffalo, N. Y. Write for booklet.

**Forethought.**

It is always when thoughtfully prepared against any damage or loss than to be caught unexpectantly. Fire and burglary do not give warning. Provide against such contingencies by getting safe deposit boxes in the fire and burglar proof vaults of this bank at 12 1/20 C. year. The Citizens National Bank, 128 1/2 Pittsburgh street, Connellsville.

**Setting Her Right.**

The pretty and petulant wife of a congressman stood for a moment before the window of the receiving teller in a Washington bank, then tapped the window with her parasol, exclaiming: "Why don't you pay attention to me?"

"We pay nothing here, madam," was the reply. "Please go to the next window."—Denver Republican.

An infant son of Mr. and Mrs. Rouben McCann died at the home of the parents in Nicholson township Friday and was interred in Fairview Sunday.

Rev. Dr. Ryan officiated at the funeral, which was held at 100 P. M. Dr. H. C. Howard of Uniontown, spent Sunday with his parents here.

The W. L. Sunday school held their Children's Day exercises in the church Sunday night. The program was well prepared and the best ever given here on the occasion. The program was carefully decorated with bunting, flags and flowers. The different grades of the school classes down to the Gracie Hall had parts in the exercises and they were all well rendered, showing painstaking care in their preparation.

Two much praise cannot be given Misses Daisy and Stella Frankenberg and Miss Mary Abraham, who got up the program, and carried it to a successful conclusion. The church was packed to the doors, as many people standing as were seated and many were unable to gain admission stood patiently outside to the end eagerly catching what they could see and hear through the open doors and windows.

## THE HOPE AND SAFETY OF INDUSTRIAL PITTSBURGH.

The report of the Government engineers on the feasibility, practicability and possibility of profit of the proposed Lake Erie & Ohio River ship canal is a most interesting communication to Pittsburgh business interests here at this time, and is of material collateral interest to the Conneltsville coke region's chief industry.

Pittsburgh has been extremely nervous because of the construction by the United States Steel Corporation of the big plant at Gary, Indiana, on the shores of Lake Michigan, with its mills, furnaces and by-product coke ovens. It has taken seriously the fact that the Government officials, that the canal is not at all that, at least not yet, nor will it be for many years, if ever; but it seems reasonably certain that Pittsburgh's supremacy in the industrial world would be impregnable if entrenched if her mills and mines were located on an open waterway from the Lakes to the Gulf. Sitting at the head of the canal, with a one-foot channel to Cairo and a nine-foot canal to Lake Erie, with the great Pittsburgh canal at her back door, the lake village of Gary would have nothing on her.

It is, therefore, quite encouraging to Pittsburgh interests, and incidentally to Conneltsville interests, to know that the Government engineers report that the canal is a sane engineering proposition; that it can be built at practically the estimated cost; that the business awaiting it justifies its construction; and that, finally, it is of a national character and should receive, not only Government supervision, but also Government aid.

Pittsburgh's business interests have awakened to the wisdom of not the necessity of reaching out for new industries as well as holding on to what they have, instead of sitting idly by and expecting industries to knock at their gates and humbly request admission. The Gary incident was evidently not without its uses. The ship canal report will still further stimulate public spirit.

Pittsburgh will do well to put forth the effort of its life to push the Lake Erie & Ohio River project to completion as rapidly as possible. Both Federal and State Governments should be pressed for liberal aid, and if possible the canal should be built with an eye single to its becoming a free waterway as early as possible.

## THE GROWING IMPORTANCE OF THE WESTERN MARYLAND.

The Western Maryland is nearing completion and growing in importance to Conneltsville as it approaches.

The report is current in railroad circles that the ancient rivalry between the Vanderbilt lines and the Pennsylvania railroad has broken forth afresh, and that the New York Central is planning to run through trains west via Harrisburg, Cumberland, Conneltsville and Pittsburgh. Negotiations are now pending with the Reading railroad for the right to use its lines from New York to Shippenburg, Pennsylvania, there connecting with the Western Maryland system and connecting at Conneltsville with its own system.

Conneltsville was not particularly interested in the ancient quarrel between the Vanderbilt and Pennsylvania interests which gave birth to the South Penn project because the South Penn turned aside from Fayette county and would have been of no direct and little indirect benefit to us; but we have a lively interest in the Western Maryland, and if the project under discussion is carried into effect it will mean greater through traffic via Conneltsville and consequent better railroad facilities and greater resultant prosperity to the community.

We are more than ever convinced that Conneltsville made no mistake in giving the Western Maryland the Glad Hand.

General Harrison Gray Otis puts into Colonel Theodore Roosevelt into the Manchester Class of the United States Navy, and the United States Navy is now employed on a daily newspaper he would be required to write facts, but being a newspaper writer, he is privileged to write fiction.

Like the cat, the B. & O. Train Auditor has come back.

The automobile ran to Ligonier on Saturday was not a dry affair.

The announcement that a Pennsylvania coke train was wrecked in the northern end of the region is encouraging. There is still enough coke traffic left to provide an occasional wreck.

## Inventory Month—Great Clearance Sale

Starting June 1st, The Union Supply Company, will inaugurate in every department of every one of their 63 stores, a great clearance sale. June is our semi-annual inventory month. It is the time we select for reducing stock; moving out all surplus. It is the time everybody in the coke region takes advantage of the reduced prices, and it is the time everybody making purchases saves money. The inventory sale is going to offer this season special runs on shoes and made up raiment for men, women, boys and girls.

## CLEARANCE SALE INVENTORY BARGAINS

We believe the shoe bargains we are going to offer this month, will be the most sensational ever seen in the coke region. If there is one department in our stores that is entirely too heavily loaded with stock, it is the shoe department. We are going to reduce them and take this means of doing it. They are general lines. The damiest styles that the market produces for the women; the most comfortable lasts that can be made for the men; good strong knock-a-bouts for the boys; tasty nice styles for the girls and children. The Oxfords are numerous; prices are going to be cut so low that everybody can buy a pair reasonably.

## FEARED BURNING ALIVE IN CELL.

A Prisoner at Scottdale Gets the Scare of His Life.

### ALARM WAS FOR THE LOCKUP

West Penn Will Have a Big Crowd Out Thursday—Many Acceptances to Y. M. C. A. Banquet Invitations. Other Notes of Mill Town News.

Special to The Courier.  
SCOTSDALE, June 19.—When the fire whistle shrieked and men rushed to the borough building, they could find no fire, although the plug number blown was 32, which is the borough building, a prisoner in the lockup got the scare of his life Saturday. The crowd rushing to the building, the hose carts starting out and stepping outside the doorway, the plug number blown, and the cries of those outside of "This is the place," caused the incarcerated fellow to think that he was doomed to be burned alive. He had given his name to the police as Mike McGonnan from the furnace, and was put in for being drunk. The signal was blown shortly after and none of the crowd that gathered thought about such a thing, but the prisoner seems to have thought he was going to be cremated. He rattled the doors and slammed a bunk up and down with a deafening racket. He was told to keep quiet, but it was none of that for him. It is said now that he was afraid that the place was burning down, a thought not unreasonable under the circumstances perhaps. No one could find where the alarm came from. It seemed to have started from an engine whistle over in East Scottdale and from somewhere there the alarm was said to have come in. Efforts were futile in finding out the location of the sender of the alarm. Some said that the alarm was sent by visiting the underwriters. If so they got a queer response. The price order who thought he was due to be sacrificed was heard before Burgess H. F. Ellis and given a sentence of \$3 or 30 days in the cage for his misbehavior on Saturday afternoon.

Will Be a Crowd.  
It looks as if there will be a big crowd on the West Penn railway to Oakland park on Thursday, when the first Sunday school picnic of the season leaves Scottdale. The event was announced at the Methodist Episcopal Church yesterday, and the members of that Sunday school which are holding the outing were enthusiastic about it. The cars will leave here at 8 and 8:30 A. M. and leave the park at 8 and 8:30 P. M. The fare will be 30 cents for adults and 25 cents for children under 12 years of age. Tickets are on sale at the First National Bank, Porter & Stoner's general store, W. J. Barkell's music store, MacBeth & Taylor's grocery and Landeburger & Reed's grocery. From the number of tickets sold the Men's Bible Class Committee will estimate the number of cars to be ordered.

Coming Along Fine.  
The Citizens' banquet at the Hotel ball tomorrow evening at 7 o'clock is coming along in fine shape as the first active movement in the Y. M. C. A. campaign for a new building and which will be prosecuted with vigor for the next couple of weeks. A large number of favorable responses are coming in to the banquet invitations sent out, and yesterday it was announced in the churches, and also that anyone whose name had been missed from the mailing list and who is interested in the association is invited to be present. The banquet is a self-sustaining one. It will be held at the Y. M. C. A. building, and the principal speakers of the evening.

Gets High Honors.  
Edward A. King, a son of Mr. and Mrs. Austin King, has received the greatest honor that a medical student at the University can receive. From the first 25 students of the Junior class selected the residents to the University hospital Mr. King stands seventeenth on this list, with an average of 86.2 per cent.

Drew a Large Crowd.  
The first band concert of the season drew a large crowd to Louisa park yesterday afternoon, while the Grand Army band rendered one of their best programs. The weather was in such a contrast to the weather of one week previous that everyone seemed to enjoy Sunday. There were large congregations at the churches both morning and evening.

W. C. T. U. Meeting.  
The W. C. T. U. will hold their regular meeting at the home of Mrs. William Burkhead on Mulberry street tomorrow evening at 8 o'clock, and all members are urged to be present.

Children's Day.  
The United Evangelical church was crowded last evening for the Children's Day services. Dialogues, recitations, drills and songs composed the evening's entertainment. Rev. A. J. Bird, the presiding elder, has arranged to hold the fourth quarterly conference and communion services July 1 and 2 at that church.

A Property Bargain.  
Five room, slate roof house, on a 14x17 foot lot on Second avenue, Scottdale, cemented cellar, heater, gas and water. Bargain at \$1,700. Lyman Boyd, 13 Grant street, Scottdale.

### Children's Day at Leisenring No. 1

The Children's Day exercises at Leisenring were a great success. The electric lights shone forth on a well-filled house. Every seat was taken in the main auditorium and the Sunday school room was thrown open to accommodate 150 or 200 more. Even Connelville, Dawson and Uniontown had representatives present. Every body was highly pleased and are complimenting Mrs. McNair for the excellent training shown by the manner in which the children did their part.

The recitations of Annie Gander, Lydia Lehighy and James Cyphers were especially excellent. The two classes of boys taught, one by Miss Cropps, and the other by Florence Ryland, made a fine showing. The two songs by Mrs. McNair's class of girls made a decided hit. The young ladies of Mr. Baker's class rendered two songs that were highly appreciated by all. Miss Schell sang "Face to Face," as a solo, and Monelle Arison captivated the audience by her song "Keep Sweet." Due it was all good. Grant Galley brought his cornet and helped out with the music.

The Collins quartette sang several of their best pieces and being them well. The infant class sang a treat. The world is finding out that the people of Leisenring can do things. No more talented young people can be found anywhere. The whole town is catching the spirit of the bustling Charlie Franks, who is always doing something for the betterment of the people and who is a helper and leader in all that is being done for the good of the community.

### MCDONALD-PARSONS.

Quiet Wedding at Pittsburgh at Noon on Saturday.  
Margaret Rush McDonald of Dawson, and Stanley Parsons were quietly married at high noon Saturday, June 17, at the First Presbyterian church of Pittsburgh, the Rev. Stevenson officiating. After the ceremony the bride and groom left for Philadelphia, Atlantic City and New York where they expect to spend a few days before starting to Vermont, the home of the groom, where they expect to spend several weeks. The bride wore a conventional mantled gown jacket suit with a beautiful hat of gray quimpes trimmed with gray willow plumes, and a band of royal blue.

The bride is well and favorably known both in social and business life and a long and happy wedded life is wished them by her hosts of friends. The groom is a highly respected man and has won for himself many friends since he has been in this State having come from Vermont about seven years ago, and since that time has been employed by the Erie company in Scottdale as draftsman, having won honor among the force there. The bride and groom will be home to their many friends July 12, at the home of the bride's mother, Mrs. A. E. Rush of the Rush House, Dawson.

Tag Your Dog.  
The owners of dogs who would conserve the lives of their canines should give heed to the latest law affecting dogdom. It provides that all dogs shall be required to wear a collar bearing a license tag or be shot by the constable of the district.

## RAILROAD NOTES

The B. & O. is making numerous improvements for the coming season. All over the division preparations for a heavy traffic are being made. Near the round house several new switching tracks are being laid for the use of the machine shops. A large electric crane is being installed to convey heavy material. It is so powerful that several thousand pounds can be swung across the shop with the greatest ease. A new tool house has just been completed, the old one being insufficient to meet the demands of the workmen. The superintendent has ordered a general cleanup, which is being faithfully carried out. There prevails a certain spirit of cleanliness among the shopmen which in some instances has grown into rivalry. Some workmen have been beautifying the grounds with flower beds.

Engineer Woodward is scratching his head and trying to make his right eye trying to puzzle out how to make his engine No. 1623, look brighter than No. 1103.

J. D. Switzer of the B. & O. freight station, and family were in Pittsburgh Saturday.

The B. & O. has had an unusual amount of work in the machine shops during the last week, but it is a little slack just at present. The company evidently expects heavy traffic this season. Preparation in the way of new additions to the repairing department are being made.

The present fire company at the shops has the honor of being the first and is at present the only company to use the new fire code. Thomas Brown, chief of the company, has received a letter from B. S. Moore, the insurance inspector, congratulating him on the unusual high standard of his company. It could serve as a model for the entire railroad.

C. E. White has been promoted to the position of air-gauge man.

Yardmen on the B. & O. were busier than usual Saturday.

John Hughes of the West Penn made an inspection tour of the B. & O. yards Saturday morning.

Mechanics Finnigan and O'Keefe were in Pittsburgh Saturday.

James R. Ryan has left for Atlantic City and a two months trip in the South.

M. C. O'Connor has returned from a ten days vacation.

No. 1103 is one of the oldest engines in the yards, but it doesn't look it.

R. C. Whitmore and J. C. Crossen left last Saturday for Philadelphia from where they will go to Atlantic City to spend two weeks.

H. Harbaugh was called to Mt. Pleasant by the death of his grandmother.

P. E. Weimer, express agent at Rockwood, is serving in the capacity of night watchman at the Rockwood Hotel. He is enjoying a vacation. Harry Wolterberger has since been temporarily serving as expressman.

Engineer William Wadsworth of Rockwood, who is the accredited official representative of the Pennsylvania Railroad in the Connelville Division, is in Baltimore, discharging his duties pertaining to that office.

Engineer James Wood of Rockwood, accompanied by his son, Harry Wood, enjoyed a visit to Pittsburgh on Thursday of last week. While in the city they witnessed a game of the national sport between the Pittsburgh and New York league teams.

Another construction train at Sand Patch, where train crew is in charge of Engineer J. W. Rice and Conductor John Brown of Rockwood is in charge of tunnel-driving equipment for the Erie tunnel, which has the contract to build the new B. & O. tunnel at that station.

## Men Are Not to Blame!

Men may be inclined to neglect things around the house unintentionally—it's thoughtlessness, that's all. Home is always "Home Sweet Home" to them, just because YOU are there. They don't notice the need of this or that which YOU see is needed so badly. But there's not one husband in a thousand but who would be glad if his wife would take it upon herself

to purchase such a bargain as this handsome Bed Davenport, for instance, and have it charged. There's not one woman in a thousand who could not meet the terms we'll make to suit their convenience, and do so without missing the money.

NOW, MRS. HOUSEWIFE—Why not come in and see the many things we have that you really need, and take advantage of our low prices and easy terms?

THIS HANDSOME BED DAVENPORT is elegantly upholstered in genuine "Besto Leather." The great sweeping doublecurved front and the massive arms are of very beautiful quarter sawed oak; a large wardrobe for bedding is provided under the seat. A Bed Davenport gives you two rooms in one and twenty-four hours service seven days a week.

This is a \$35.00 Value, Special Price Only \$24.50

First Save Money on the Cost of That Refrigerator at Featherman's. We sell the \$10 size for \$6.50. Then continue to save money by using less ice as our refrigerators have heavier insulation than any other make sold in Connelville.

## First Annual Run of Automobile Club to Ligonier On Saturday Was Big Success Despite Afternoon Rain.

The first official run of the Automobile Club of Fayette County, which was held Saturday, was such a pronounced success that it will undoubtedly become a permanent feature of the organization. Already the touring committee has plans under way for another run in the near future although the time and place have not been selected.

If the run to Ligonier Saturday morning was delightful, the return trip was equally so, although the conditions were reversed. The morning run saw splendid roads but lots of dust. Coming back there was no dust but the roads were in dreadful shape. Speed was out of the question, had it been desired, and safety demanded careful driving at every stage of the run. Some drivers had difficulty and two who made the trip without chains for the rear wheels had all kinds of trouble negotiating the hills. Because of the muddy roads many participants elected to spend the night in Ligonier, taking a chance on the roads yesterday. One car dropped out on the return trip at Mt. Pleasant because it had no top and the rain was becoming unpleasant.

The wisdom of President J. M. Cora's selection of William L. Work as pilot for the return trip was apparent once the start was made. A careful driver was needed rather than one with a penchant for speed. The little brown Inter-State, which was the only car of its color and make in the race, led the others a merry chase over hill and dale until Connelville was reached. It passed eight cars on the road that had started from 15 to 45 minutes earlier. The official run home was commenced at 3:50 P. M. Two hours and five minutes later Mr. Work and his party crossed Brimstone Corner and led President Cora's little car to the place to which they were bound. The average speed going was barely 11 miles an hour. No attempt, however, was made to establish speed records. On the trip over during the morning Pilot W. L. Work kept a steady pace and one that the smaller machines had no difficulty in following. Coming back both President Cora and I. W. Bennaman were anxious to make a quick run because of business engagements at home. They did not, however, wish to drop out of the official run. Before the start they asked Pilot Work to set a stiff pace but not one that would be dangerous for the less experienced drivers.

Probably 40 of the cars had driven from the hotel to the field that used to be a ball park about 1 1/2 miles beyond Ligonier. There Photographers Cuff and Springer, the latter of Scottsdale, took two views of the machines as they parked in a semi-circle. Secretary E. H. Rowe of the Automobile Club took charge of the start, home and called the numbers of the cars to start in order. The brown Inter-State, with the red flag of the touring committee, was first out of the park. It contained William L. Work of the Connelville Garage, Mrs. Work and the Connelville newspaper delegation. The scribbles, with eternal fitness of things in view, were equipped with brown copy paper while a few of the candy which disappeared en route had been bound in a brown ribbon. The only thing missing was a dark brown taste the morning after.

The car reached the Ligonier Springs Hotel at 3:50. President Cora's little car and I. W. Bennaman's Peerless were close behind but none of the others was in sight.

"Shall we wait a bit?" asked Work. "Go ahead!" directed President Cora. "They're all coming."

There was a chug chug as the little car was opened and soon the pilot car was showing the way home. After passing through Youngstown the cars in the official run began overtaking some of those who departed earlier. The first to be passed was Dr. R. P. Kammerer of Star Junction in a Maxwell. Dr. Kammerer and his wife had the youngest child with them that took in the run and despite the fact his car does not have a big horsepower rating, he got in town in good shape. It was about 6:15 when he pulled in at the garage here for gasoline.

A short distance beyond a hard hill was encountered. It was windy and slippery. This was the only point on the run, going and coming, that the car was put on first gear. Three cars were stalled on this hill. Several men were trying to push an Elmore up it, the car having no chains. G. L. Armstrong of the West Side was waiting with his Regal but did not seem to be in trouble. Despite the bad roads good sport was maintained. Cora and Bennaman kept the pace. The traveling was steady until after Trauger and Culm had a delay of almost five minutes because of a house that was being moved and which occupied the middle of the road with a traction engine as either end. The Marguerite ball team went past with a heavy cheer, also several other wayways before the brown car could get over the hill. The delay afforded another car an opportunity to join the three leaders, with a fifth coming strong from the rear. The seventh car to be passed by the pilot speeder was on the brick road beyond Mt. Pleasant where it was being given the demolished car of Saturday's accident. The car looked badly crippled but there was no time to lose and the pilot car did not stop. The eighth and last car passed by the official run was at Mt. Pleasant.

George F. Titlow was the first man whose Packard reached town after the three cars with the pilot had checked out.

Mr. Titlow gained over others who led him by taking a shorter cut around by Swanton and entering from the north end of town. He had hardly reached the bridge on Main street before, C. L. Work's Cadillac led three others down the steep Main street hill. From 6:55, when the pilot car checked in, until 8:45 the cars were still coming. It was 8:45 that C. W. Johnson went through and immediately after him the repair car, a big Packard the club had hired from Mr. Johnston. The repair car reported several others cars on the road but none of them in trouble.

The Pennsylvania hill was a terror, especially to the inexperienced drivers. Even cars equipped with chains skidded about in an alarming fashion. At times it was necessary to release the brakes and let the car go in order to keep the car straight. One of the Ford cars slid into the ditch but was extricated without damage to car or its occupants.

Up until late last night cars were still returning as many spent the night at Ligonier. There was dancing there Saturday night. The orchestra started dance music in the afternoon but quit shortly to eat dinner and did not resume before the return home was made. It drizzled most of the time the party was in Ligonier and there was little chance for sight-seeing.

The report that H. L. Carpenter had lost the road was incorrect. Mr. Carpenter thought the cars would "line up" in Ligonier and took the fork of the road that led to that place. C. W. Johnson's car was dispatched to bring him back into port while Mr. Johnson stood at the forks to see others did not make the same mistake. This caused the report that Mr. Johnson's car was disabled. On the return trip the car reported no trouble save from those without chains who were having difficulty getting up the hills. Only one car dropped out of the run, that belonging to Mrs. Anna Carothers of Uniontown. It was a Packard. This is the first time in five years Mrs. Carothers has had trouble with any of her cars. The big Packard was towed back to Mt. Pleasant for repairs.

Only one puncture was reported on the trip. It was Alvin of Uniontown had some trouble with one of his tires. T. Scott Dunn had a weak tire and was said to have favored it on the trip going over, but Mr. Dunn's Ford finished in the position it started and caused no loss of time to the cars behind him. A number of Connelville people remained over Sunday, among them were the following: S. S. Sisson, William Dull, Harry Ford, and Dr. J. Y. Woods. M. A. Rist and H. J. Carpenter brought their cars home by way of Ligonier. They arrived at 7:30.

Quite a variety of makes was represented in the run. The cars represented in the official run were as follows: Peerless, 8; Packard, 6; Buick, 3; Pope-Hartford, 3; Cadillac, 3; White, 3; E. M. F., 3; Elmore, 2; Regal, 2; Stoddard-Dunton, 2; Elmore, 2; Regal, 2; Pierce-Arrow, 2; Ford, 2; Oldsmobile, 1; Stevens-Duryan, 1; Chalmers, 1; National, 1; Franklin, 1; Everet, 1; Hudson, 1; Auburn, 1; Auburn, 1; Ford, 1; Overland, 1; Inter-State, 1.

There were several six-cylinder cars in line but only one two-cylinder machine. The two-cylinder was a Maxwell from Uniontown. It limped into town yesterday afternoon and limped at continuing further. Mechanician V. J. Clark used persuasive powers on the car and it responded after a struggle.

No car gave less trouble than the one Inter-State and the pilot car which brought credit to Connelville by leading under the first class Uniontown machines at just as fast a clip as they desired to travel over these kind of roads. The only adjustment of any kind that was made to the car came when a pint of oil was poured in just before the return trip was made.

There were many humorous features of the journey but none more so than the dinner. Five waiters, three of them girls, served the meal. The dining room seated 150 at a time and was packed to capacity. It became a scramble to get things to eat and it was almost time to start back before some of them were served desert. Some got soup and no spoon to sip it with. Others got tempting morsels of chicken and had to wait a considerable interval before knives and forks were brought. They, of course, were of the second division. But for the shortage of servants the dinner would have been entirely satisfactory in every way.

Four newspaper men made the trip. Harry G. Lawrence represented the News-Standard of Uniontown and J. S. Albright the Morning Herald. Both Connelville papers were represented and were the guests of W. L. Work of the touring committee. They were royally entertained and enjoyed sharing the honors of being pilots of the return trip.

Clay C. Cotton of the West Penn accompanied his father and brother in attorney H. A. Cotton's new Cadillac. In this party was Attorney P. P. Cotton, formerly of the Journalist, formerly of the county. Attorney H. A. Cotton was plucky nervous before the start home because of the muddy roads being dangerous, but despite this he made splendid time, being well up among them who finished Saturday evening. C. W. Work's running time on the back trip was only five minutes longer than that of the official cars.

A number of green drivers gained plenty of experience as a consequence of the run. The trip home tested their nerve.

Mr. Real drove Harry Ford's new Ford car. He had entered his car but had wanted his car given some limbering up. It got it.

Dr. J. Y. Woods drove a Regal, having recently exchanged his Ford touring car for one of that make.

There were two or more cars of every color represented. The duck blue and black cars were in the majority, although there were plenty of red ones, not a few grays and a sprinkling of green.

Going over a stop was made at Mt. Pleasant and Pleasant Unity to put up the tops. Then it quit raining. It had been drizzling a bit. It did not rain again, to amount to anything, until the party approached Ligonier. Coming back all tops were up and did good service. One car, not equipped with this protection against bad weather, gave up the trip at Mt. Pleasant and its party remained there over night.

Two cars made the trip back without chains but progress was slow, difficult and dangerous.

Automobilists regard the Fayette county roads as a joke. From the Westmoreland county line to Ligonier there is only two miles of dirt road. The balance is built of crushed stone or State road construction.

The worst stretch out of Mt. Pleasant was built by the State, the other roads being constructed by the various townships. The ownership of a stone crushing machine and traction engine had been a boon for Westmoreland county automobilists.

The children of Trinity Reformed Sunday school rendered a delightful Children's Day service to an appreciative audience on Sunday evening. The seating capacity of the main auditorium of the church was taxed to its utmost. Profuse decorations of flags, potted plants, ferns, laurel and willow presented an artistic appearance.

The children performed their parts ably and much credit is due those who had charge of their training as well as those who had charge of the music.

The service entitled "The King's Highway" was prepared by Rev. Rufus Miller, D. D., Secretary of the Sunday School Board of the Reformed church, and at the close of the service, a communication from Dr. Miller in the form of a greeting was read.

A liberal offering was received which will be devoted jointly to the Educational and Sunday School of the Reformed church and St. Paul's Orphans' Home at Greenville, Pa.

At the morning service, the pastor, Rev. Charles E. Wagner, preached an instructive sermon to his congregation on "The Religious Training of the Child in the Home." Special emphasis was placed on the fact that the instruction period in the Sunday school covers at most only thirty minutes each Sunday and hence the parents must be depended on largely to train the child religiously until the age of maturity is reached. This can be done not only by precept but by the examples of the parents themselves.

Special emphasis was placed on the fact that the instruction period in the Sunday school covers at most only thirty minutes each Sunday and hence the parents must be depended on largely to train the child religiously until the age of maturity is reached. This can be done not only by precept but by the examples of the parents themselves.

## CONFLUENCE.

CONFLUENCE, June 18.—Mrs. G. N. Dull and two daughters of Shmooet, are guests of the former's sister, Mrs. Chas. Hunsinger, for a few days.

Miss Amber Clark, who has been working in J. L. Kirt's millinery store since she came here yesterday, thinks she will spend her summer vacation with her parents, Mr. and Mrs. Edward Clark.

Miss Lena Mitchell, who is attending business college at Cumberland, Md., is spending several days with her parents, Mr. and Mrs. Frank Mitchell, Chas. Reighner of Pittsburgh, spent Sunday with his family here.

Robert McCall of Jersey, was in town on business Saturday.

Miss Laura of Rockwood, spent Saturday and Sunday the guest of Lewis Constance.

Dr. J. McDonald, who is employed at Chicago, spent Sunday with his father and sister in town.

Mr. Elmer Spence and son of West Virginia, were guests of Mr. and Mrs. Spence last week.

John Davis was in Connelville on business Saturday.

Miss Mary Davis returned home, after spending several days with friends at Connelville and Fairbairn, she took the bus to her home for examination at Fairbairn on Friday.

Mrs. Hiram Hunsinger and two children of Connelville, are visiting the former's parents, Mr. and Mrs. Silas Hunsinger for several weeks.

Mrs. Ella Brown was the guest of Mrs. Bartholomew at Rockwood Friday and Saturday.

A shadow of gloom was cast over Confluence when news came that Van Oliver died at his late home in Meyersdale, after a long illness.

Mr. Oliver was a resident of this place for quite a number of years and leaves a host of friends who regret to hear of his death. He was an engineer on the C. & O. railroad for a number of years. He was 60 years old. He leaves to mourn his loss a wife and two daughters, Pearl and Mabel, both at home. He is also survived by a son, Harold, at the Hotel of near Hagerstown and two brothers, Charles of Chicago, and Jesse of Connelville.

Funeral services will be held at his late home in Meyersdale at 100 P. M. Sunday afternoon. Interment will be made in the Sterner cemetery, at Con

Then from the rattlesnake's skin,  
With a sudden, contemptuous glare,  
Looking the Indian arrows, he smiled  
It with powder and bullets  
Full to the very jaws, and handed it  
Back to the savage,  
Saying, in thundering tones: "Here,  
take it! this is your answer!"  
Stealthy out of the room then glided  
the gliding serpent,  
bearing the serpent's skin, and seem-  
ing himself like a serpent,  
winding his sinuous way in the dark  
to the depths of the forest.

## Sailing of the Mayflower

Just in the gray of the dawn, as the  
mists uprose from the meadows,  
there was a stir and a sound in the  
lumbering village of Plymouth;  
clanking and clinking of arms, and  
the order imperative, "Forward!"  
Given in tones suppressed, a tramp of  
feet, and then silence.  
Figures ten, in the mist, marched  
slowly out of the village.  
Standish the stalwart it was, with  
eight of his valiant army,  
led by their Indian guide, by Hobo-  
mok, friend of the white men,  
northward marching to quell the sud-  
den revolt of the savage.  
Blanks they seemed in the mist, or the  
mighty men of King David;  
blanks in history they were, who be-  
lieved in God and the Bible—  
aye, who believed in the smiling of  
Midianites and Philistines.  
Over them gleamed far off the crim-  
son banners of morning;

Take his musket, and so stride out  
Under them loud on the sands, the  
serried billows, advancing,  
fired along the line and in regular  
order retreated.

Many a mile had they marched,  
when at length the village of Ply-  
mouth

Woke from its sleep, and arose, in-  
stant on its manifold labors.  
Sweet was the air and soft; and slowly  
the smoke from the chimneys  
rose over roofs of thatch and point-  
ed steadily eastward;

Men came forth from the doors, and  
youth and maiden of the western,  
said that the wind had changed, and  
was blowing fair for the May-  
flower;

Walked of their Captain's departure,  
and all the dangers that menaced,  
he being gone, the town, and what  
should be done in his absence,  
Merrily sang the birds, and the ten-  
der voices of women

Consecrated with hymns the common  
sacred of the household.

Out of the sea rose the sun, and the  
billows rejoiced at his coming;  
Beautiful were his foot on the pur-  
ple tops of the mountains;  
Beautiful on the sails of the May-  
flower riding at anchor,  
battered and blackened and worn by  
all the storms of the winter.

Loosely against her masts was hang-  
ing and flapping her canvas,  
rent by so many gales, and patched  
by the hands of the sailors

Suddenly from her side, as the sun  
rose over the ocean,  
parted a puff of smoke, and floated  
seaward, upon wings

Loud over field and forest the can-  
non's roar, and the echoes  
heard and repeated the sound, the sig-  
nal gun of departure!

But with louder echoes replied  
the hearts of the people!  
Merrily, in voices subdued, the chap-  
ter was read from the Bible,  
merrily the prayer was begun, but  
ended in fervent entreaty!

Then from their houses in haste came  
forth the Pilgrims of Plymouth,  
men and women and children, all hur-  
rying down to the sea shore,  
saw, with tearful eyes, to say fare-  
well to the Mayflower,  
homeward bound o'er the sea and

Saving them here in the forest.

Foremost among them was Alden.  
All night he had lain without  
slumber,  
tossing and tossing about in the heat  
and unrest of his fever.

He, had beheld Miles Standish, who  
came back late from the council,  
stalking into the room, and heard him  
mutter and murmur,  
Sometimes it seemed a prayer, and  
sometimes it sounded like swear-  
ing.

standing dejected, unconscious of all.

Once he had come to the bed, and  
stood there a moment in silence;  
Then he had turned away, and said:  
"I will not wake him!"

Let him sleep on, it is best, for what  
is the use of more talking?  
Then he extinguished the light, and  
threw himself down on his pallet,  
dressed as he was, and ready to start  
at the break of the morning.

Covered himself with the cloak he  
had worn in his campaigns in  
Flanders—

Slept as a soldier sleeps in his  
bivouac, ready for action.  
But with the dawn he arose; in the  
twilight Alden beheld him

Put on his corselet of steel, and all  
the rest of his armor;  
Buckled about his waist his trusty  
blade of Damascus.

Take from the corner his musket, and  
so stride out of the chamber.  
Often the heart of the youth had  
burned and yearned to embrace  
him.

Often his lips had essayed to speak,  
imploping for pardon.  
All the old friendship came back  
with its tender and grateful emo-  
tions;

But his pride overmastered the nobler  
nature within him—  
Pride, and the sense of his wrong,  
and the burning fire of the insult.

So he beheld his friend departing in  
anger, but spoke not,  
saw him go forth to danger, perhaps  
to death, and he spoke not!

Then he arose from his bed, and  
heard what the people were say-  
ing.

Joined in the talk at the door, with  
Stephen and Richard and Gilbert,  
joined in the morning prayer, and in  
the reading of Scripture.

And, with the others, in haste went  
hurrying down to the sea shore,  
down to the Plymouth Rock, that had  
been to their feet as a doorstep

into a world unknown—the com-  
mon stone of a nation!

There with his boat was the Master,  
already a little impatient.  
Lest he should lose the tide, or the  
wind might shift to the eastward,  
square-built, hearty, and strong, with  
no odor of ocean about him.

Speaking with this one and that, and  
crumpling letters and parcels  
into his pockets capacious, and mes-  
sages mingled together  
into his narrow brain, till at last he  
was wholly bewildered.

Neuter the boat stood Alden, with one  
foot placed on the gangway.  
One still arm on the rock, and talking  
at times with the sailors,  
seated erect on the thwart, all ready  
and eager for starting.

He, too, was eager to go, and thus  
put an end to his anguish.  
Thinking to fly from despair, that  
swifter than lead is or canvas,  
Thinking to drown in the sea the  
ghost that would rise and pursue  
him.

But as he gazed on the crowd, he be-  
held the form of Priscilla.  
Standing dejected among them, uncon-  
scious of all that was passing.  
Fixed were her eyes upon him, as if  
she divined his intention,

## Our Wonderful Eruption Sale Takes The Town By Storm!

An Instantaneous Success---Today Will Be  
Another Big Day---Prices Down and Out.

The sensation created by our first announcement has been growing greater and greater. Interest is at fever-heat—everybody is talking about our sale. Of course, you know all about this sale and reason for it. The Boston Wrecking Co. purchased this entire stock and must dispose of it by July 20th when the new owners—Feldstem-Levine—will take possession.

Prices are no object, the entire stock must be disposed of. Therefore a cyclone of the most sensational bargains Connellsville has ever seen. Never before and never again. There are no left-overs or broken assortments in this store. It is now filled to overflowing with the most desirable collection of Spring and Summer merchandise that money can buy. Every dollar's worth is reliable. We have cut prices so deep, so hard, so sensationally that we are justified in saying that this is the chance of a lifetime. Come and save money!

**Neck Broken at Play.**  
Robert Keppel, the 14-year-old son of Mr. and Mrs. Gilbert Keppel, of Allegheny township, Westmoreland county, had his neck broken while at play with some companions on Gosper Hill, Friday afternoon, dying instantly. The witnesses were terribly shocked at the death of their comrade, and it seems no one could account for it.

## B. & O. COUP

In Getting Into Coal Producing Territory in Kentucky.  
Baltimore & Ohio officials are smiling broadly in consequence of the execution by the management of that system of a coup in latter day railroad strategy. The stroke was effected through the Cincinnati, Hamilton & Dayton, now a Baltimore & Ohio subsidiary, securing a line into the heart of the great Kentucky coal fields, which, in conjunction with the parent road, will constitute the shortest and best route thence to the Great Lakes and will place the Cincinnati, Hamilton & Dayton on "easy street" for years to come, thereby relieving the Baltimore & Ohio of a heavy financial burden.

The railroad world for months has been endeavoring to figure out what interest was paying \$5,000,000 for the construction of 35 miles of railroad between Jenkins, Ky., and Shelby, a point on the Chesapeake & Ohio, which latter road manifestly was not concerned with it.

Thursday it developed that the Baltimore & Ohio is the builder of the new line, which, it is claimed, is the most perfectly constructed piece of railroad in the United States. The Baltimore & Ohio, although its nearest terminal is distant 100 miles from the river end of the branch line, has had surveys made for a line from Shelby to Ashland, Ky., paralleling the Chesapeake & Ohio, and thence to Ironton, Ohio, where it would connect with the Cincinnati, Hamilton & Dayton, making a direct outlet to the lakes.

Another possibility would be a traffic agreement with the Chesapeake & Ohio, since that road is the one most directly affected by the shrewd move of the Baltimore & Ohio, and it is estimated that in order to secure any of the immense business of the Consolidated Coal Company, it would sign one.

One railroad official at Pittsburgh Thursday declared that the shrewd work done in the building of the new line is attributable to the Morgan interests which will be benefited immensely by any improvement in the financial condition of the Cincinnati, Hamilton & Dayton, for which the Baltimore & Ohio is obligated to pay whatever price may be fixed by arbitrators at the end of a certain seven-year period, but one year of which has elapsed.

The construction of the new road marks an epoch for the Baltimore & Ohio as invading territory south of the river, where it will enter into competition with the Chesapeake & Ohio, the Louisville & Nashville, and the Cincinnati, Hamilton & Dayton.

The center of all this railroad activity is Jenkins, Ky., now building. Contracts already have been let for the construction of a modern bank building, a hotel, several shops and for

## BUY WASHINGTON COAL.

John A. Bell of Carnegie, Purchaser of Big Acreage.  
MONONGAHELA CITY, June 19.—Announcement has just been made at the county seat of a gigantic deal in Washington county coal lands by which a prominent Pittsburgh man becomes the owner of 4,000 acres of black diamonds located in Cross Creek township. The deal, which has been pending for some time and has just been finally consummated, represents a transaction of nearly a half million dollars and is said to mean the opening in the near future of extensive coal works in northwestern Washington county.

The purchaser of this property is John A. Bell of Carnegie, vice president of the Colonial Trust Company, of Pittsburgh. The land he has secured consists of some half dozen farms lying just east of the village of Cross Creek.

The property is remarkably well located for active operations as it lies less than three miles from the line of the Wabash railroad and is on a spur of the Pennsylvania railroad running from Burgin to town.

It is stated that Mr. Bell has his arrangements about completed for the opening of a shaft and the building of all necessary equipment as he intends to operate the mine himself.

## Under the Big Electric Sign

Poetry in business is about as much out of place as a four-footed animal in a china shop, but, without further apology we're publishing a selection that was handed to your writer who thinks it contains more truth than poetry.

If I knew you and you knew me  
This seldom we should disagree.  
But never having yet disagreed  
Both often fail to understand  
That each intends to do what's right  
And treat each other "honorable"  
How little of complaint there'd be  
If I knew you and you knew me

When'er we slip you by mistake,  
Or in your bill some error makes,  
From irritation you're free  
If I know you and you know me.  
Or when the checks don't come on time  
And customers send us not a line,  
We'd work without anxiety  
If I knew you and you know me.  
Or when some goods you find us back  
Or make a tick on date or that  
We'd take it in good part you see  
If I knew you and you know me

With our patrons thousands strong,  
Occasionally things go wrong,  
Sometimes our fault sometimes theirs,  
Forebearance would dearsen all our  
Kind friends how pleasant things would be  
If I knew you and you know me

Then let no doubting thoughts abide  
Of firm faith on either side,  
Confidence to each other give  
Living ourselves, let others live.  
But any time you come this way  
That you will call we hope and pray,  
Then face to face we each shall see  
And I'll know you and you'll know me

Out of the four hundred youngsters roped by the major league last night only seventy remain in the fast act.  
The Cincinnati Reds show a sample of winning ways now and then but the sample seems to be all that they have got.

"Uncle C. Young" of the Naps has made a good start and looks good enough to spread the foom for some time yet.

Catcher Tom Madden of the Boston Red Sox, has joined the Toledo team of the Cubs. Young Aling is a member of the Syracuse University team.  
It is said that Captain "Cher" Emerson of the Dartmouth University team will join the Athletics after Dartmouth's last game of the present season.
